

## OFFICIAL RESULTS FOR MEN'S CLUB CHAMPIONSHIPS 2017

**PLEASE NOTE** that the Net Results displaying on the Results section of the Members' Log in on the club's website are **INCORRECT**. The Gross results displayed in that section are correct.

The correct Net Results are calculated on the basis that each player's Daily Handicap in the first round is "frozen" for all four rounds. The results displaying in the Results section of the website do not take this into account. The Match Committee has the correct "**Frozen Handicap Report**" but there is no way this can be displayed under the RESULTS tab of Members' Log In . However we have now been able to post the full GROSS and NET results separately in another section of the club's website.

\*Under the Competition Conditions for the Men's Club Championships, the winner of the Scratch event in each grade cannot be placed in the Net division
