

HOW TO FILL IN A MICROPOWER SCORE CARD

If the player you are marking has a 4, you will need to place an X in the column marked 4.

Shots given are now shown on the card.

You are holding a Micropower Club Scan Electronic Scorecard.
Please mark your score in the reader area below. Indicate your score with a cross in the appropriate box, one for each hole. If you picked up, place a cross in the Pick Up box for that hole. Scores greater than 10 may be marked by placing a cross in the +10 box, combined with another cross - eg. mark 2 and +10 to indicate 12.

If you make a mistake, just cross it out like this and place a cross in the correct box.

If the player you are marking has more than a ten, you will need to mark that hole with two crosses. One in the 10+ column and the other depending on the score.

Mark the score here and remember to sign your score card.
